Sentosa Discovery Guide

February 2026

Did you know?

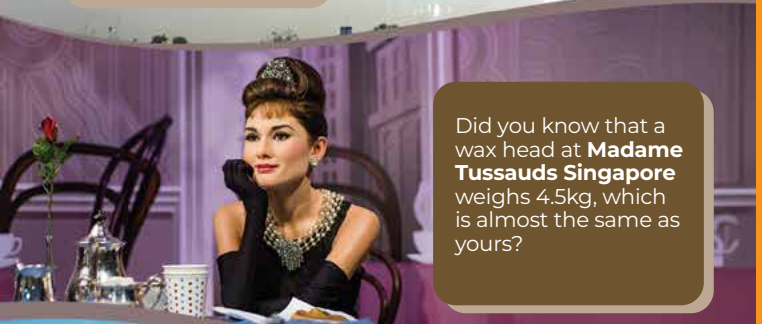

Sentosa island spans across a massive 500 hectares of land, which is about the size of 500 combined rugby fields!

Have you seen our **peacocks** and **peahens** sashaying around in a carefree manner? There are 100 of them in all!

At the height of a 6-storey flat, **AltitudeX** is one of the world's largest themed vertical wind-tunnel for indoor skydiving.

Did you know that a wax head at **Madame Tussauds Singapore** weighs 4.5kg, which is almost the same as yours?

At 100 metres above sea level, **Mount Faber Peak** offers a bird's-eye view of Singapore's glistering cityscape and picturesque Sentosa-HarbourFront precinct.
